Assurance**

How We Can Help

Depending on balance dates, Climate Related Disclosure Reports are coming due for Climate Reporting Entities in New Zealand. If you need help in creating a CRD Report quickly, or you are having issues with the process, GreenXperts has the skills and ideal profile to help meet FMA requirements and promote your climate standing in the market. We also offer Independent GHG Assurance Services. Our scientists have over 30 years' experience in climate science and reporting, with proven top quality national and international verifiers on our staff. We can bring a fresh approach to your carbon management and Climate Reporting.

And if you are not a CRE but want to assure customers and stakeholders of your climate integrity, then please Get in Touch for specialist assistance.
